Description of policy (please note that, where the request to cost a proposal differs from the announced policy, the costing will be on the basis of information provided in the costing request)

**What are the key assumptions that have been made in the policy including:
(continued)**

Does the policy relate to a previous budget measure? If yes, which measure?	No.
If the proposal would change an existing measure, are savings expected from the departmental costs of implementing the programme? Will funding/cost require indexation? If yes, list factors used.	n/a
What are the estimated costs each year? Are these provided on a cash or fiscal basis?	The policy will have nil net impact.
What assumptions have been made in deriving the expected financial impact in the party costing (please provide information on the data sources used to develop the policy)?	Funding of \$5 million will be provided.
Has the policy been costed by a third party? If yes, can you provide a copy of this costing and its assumptions?	No.
What is the expected community impact of the policy? How many people will be affected by the policy? What is the likely take up? What is the basis for these impact assessments/assumptions?	The impact on the community is expected to be positive, as the threatened species recovery fund will work to protect Australia's threatened species.

NOTE: it will be up to the professional judgment of the relevant Secretary as to whether these assumptions are adopted in a Treasury or Finance costing of the policy.

Administration of policy	
Who will administer the policy (for example, Australian Government entity, the States, non-government organisation, etc)?	The policy will be administered by the Department of Environment.
Should departmental expenses associated with this policy be included in this costing? If no, will the Department be expected to absorb expenses associated with this policy? If yes, please specify the key assumptions, including whether departmental costs are expected with respect to programme management (by policy agencies) and additional transactions/processing (by service delivery agencies).	Any departmental costs associated with administering this policy will be met from existing resources of the Department of Environment.
Intended date of implementation.	Commencing as soon as practicable in the 2016-17 fiscal year.
Intended duration of policy.	Until 2018-19.
Are there transitional arrangements associated with policy implementation?	No.
List major data sources utilised to develop policy (for example, ABS cat. no. 3201.0).	n/a
Are there any other assumptions that need to be considered?	n/a
